

Hello 2nd Graders!

Here is a math timeline for you to continue to grow your math learning if not in school. You will find many online games that will be a fun way to learn. Though there will probably be many pages in your Student Book that are too difficult to work on at home, there may be some pages that you may feel comfortable and confident to work on. Skip any pages or parts of pages you do not feel comfortable to complete, as you will continue this learning down the road once back in school. You can also work on Home Connections book pages with an adult.

If you can not get on any of the links, please have someone help you email the CBCSD Help Desk at helpdesk@cbcscd.org to get technology support. Enjoy your learning!

Timeline	
March	Unit 6
Student Book	Modules 1 - 4
	 <p>Triangle Sort</p>  <p>Thirteen ways of looking at a half</p>
April-May	Unit 7
Student Book	Modules 1 - 4
	 <p>Adding 10 Depth charger</p>  <p>Count on Catapult</p>
